FROM THE PRINCIPAL'S DESK

Dear Parents

Our Year 6 students have all settled well into the Ern Halliday school camp. Students enjoyed caving, rock climbing, the flying fox and abseiling on their first day at camp. I enjoyed sharing their first night at camp and we will look forward to hearing about their camp adventures when they return on Friday.

INDEPENDENT PUBLIC SCHOOL REVIEW

Last week on Thursday and Friday we completed our Independent Public School Review for Inglewood Primary School. During this time, we shared our accomplishments and plans for improvement. It was a privilege to learn more about Inglewood's journey as an Independent Public School and celebrate the achievements made with the reviewers. Thank you to everyone who contributed to the review process and to both Katrina Bonetti the past board chair and David Hawkins, current board chair who contributed to many of the review sessions over the two days. David was available for the two days to support the school leadership and direction. We will look forward to receiving the final report before the end of term.

NATIONALLY CONSISTENT COLLECTION OF STUDENTS WITH DISABILITY

The federal government requests schools complete a database on students with a diagnosed or imputed disability. This includes areas in physical, cognitive, social/emotional and sensory. The database is not made public, nor linked to student or school funding, however it is hoped that it will assist in future funding and resourcing of schools. We have used our current records of students with severe medical conditions, specific learning difficulties linked to documented plans and diagnosed cognitive conditions to complete this database. Please find further information in the newsletter.

KINDY AND PRE-PRIMARY 2018

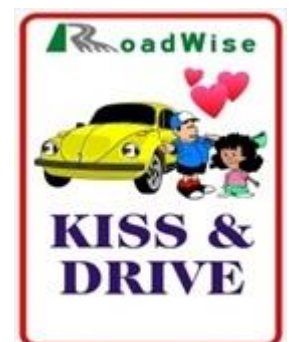

All parents who have applied for their child to attend Inglewood Primary Kindergarten in 2018 will soon receive notification. Letters will be posted in the coming week. Parents whose applications have been successful will have an invitation to attend an information meeting later in the semester. Letters regarding enrolment applications for Pre-primary 2018 will also be sent in the next week.

KISS AND DRIVE ON NORMANBY ROAD

The parking zone has a **1 minute limit in the mornings and 15 minute limit in the afternoon.**

In the mornings, most parents wish to get in and out very quickly and drop children off across a 20 minute period 8.25 - 8.45, hence the Kiss n Ride tends to work well, as people are generally able to pull in and out without needing to get out of the car. Please do not leave your car unattended in the Kiss n Ride in parking zone at the front of the school. **Please keep the line moving.**

Principal

Science Week 14-18 August

David Detata will be running science sessions with our year 1 to 6 classes on Thursday and Friday of Science Week. This will involve minor disruption to the regular timetable but we believe the benefit to students in having access to David's expertise will be significant and further raise the profile of Science in the school. David will also run sessions in Term 4 for students in Kindy and Pre-primary. These dates will be confirmed next term.

**Nationally Consistent
Collection of Data**
School Students with Disability

**Education
Council**

What is the benefit for my child?

The aim of the national data collection is to collect quality information about school students receiving an adjustment due to disability in Australia.

This information will help teachers, principals, education authorities and families to better support students with disability to take part in school on the same basis as other students.

The national data collection provides an opportunity for schools to review their learning and support systems and processes to continually improve education outcomes for their students with disability.

How IS my child's privacy protected?

Protecting the privacy and confidentiality of all students and their families is essential and is an explicit focus of the national data collection. Personal details, such as student names or other identifying information, are not provided to local or federal education authorities.
